ARJUN SHARMA

Student Profile — Computer Engineering

Educational Background

Arjun Sharma completed his **B.Tech in Computer Engineering from Savitribai Phule Pune University** from 2012 to 2016.

Technical Skills

- **Programming Languages:** Java, Python, JavaScript, SQL
- **Backend Development:** Spring Boot, REST APIs, Microservices, Node.js
- **Frontend:** React, HTML, CSS
- **Databases:** PostgreSQL, MySQL, MongoDB, Redis
- **Cloud & DevOps:** AWS, Docker, Kubernetes, Git, GitHub Actions, Jenkins, CI/CD
- **Other Technologies:** Kafka, Linux, Agile/Scrum, Unit Testing

Projects

E-Commerce Microservices Platform: Worked on a scalable e-commerce platform using Spring Boot, Kafka, PostgreSQL, Redis, Docker, and AWS. The project included authentication, order processing, payment integration, and inventory services.

Real-Time Analytics System: Developed a real-time event-processing system using Python and Kafka for processing application events for analytics and monitoring.

Professional Experience

Arjun has experience working as a Junior Software Engineer, Software Engineer, and Senior Software Engineer. His work includes backend development, REST API development, database optimization, microservices, cloud technologies, and software architecture.

Certifications

- AWS Certified Solutions Architect – Associate
- Certified Kubernetes Application Developer (CKAD)
- Oracle Certified Professional – Java

Core Strengths

Problem Solving • System Design • Software Architecture • Technical Leadership • Team Management • Code Review • Mentoring • Agile Development

Career Objective

To build a strong career in software engineering by applying programming, backend development, system design, and problem-solving skills to develop scalable and reliable software applications.
